

Birmingham

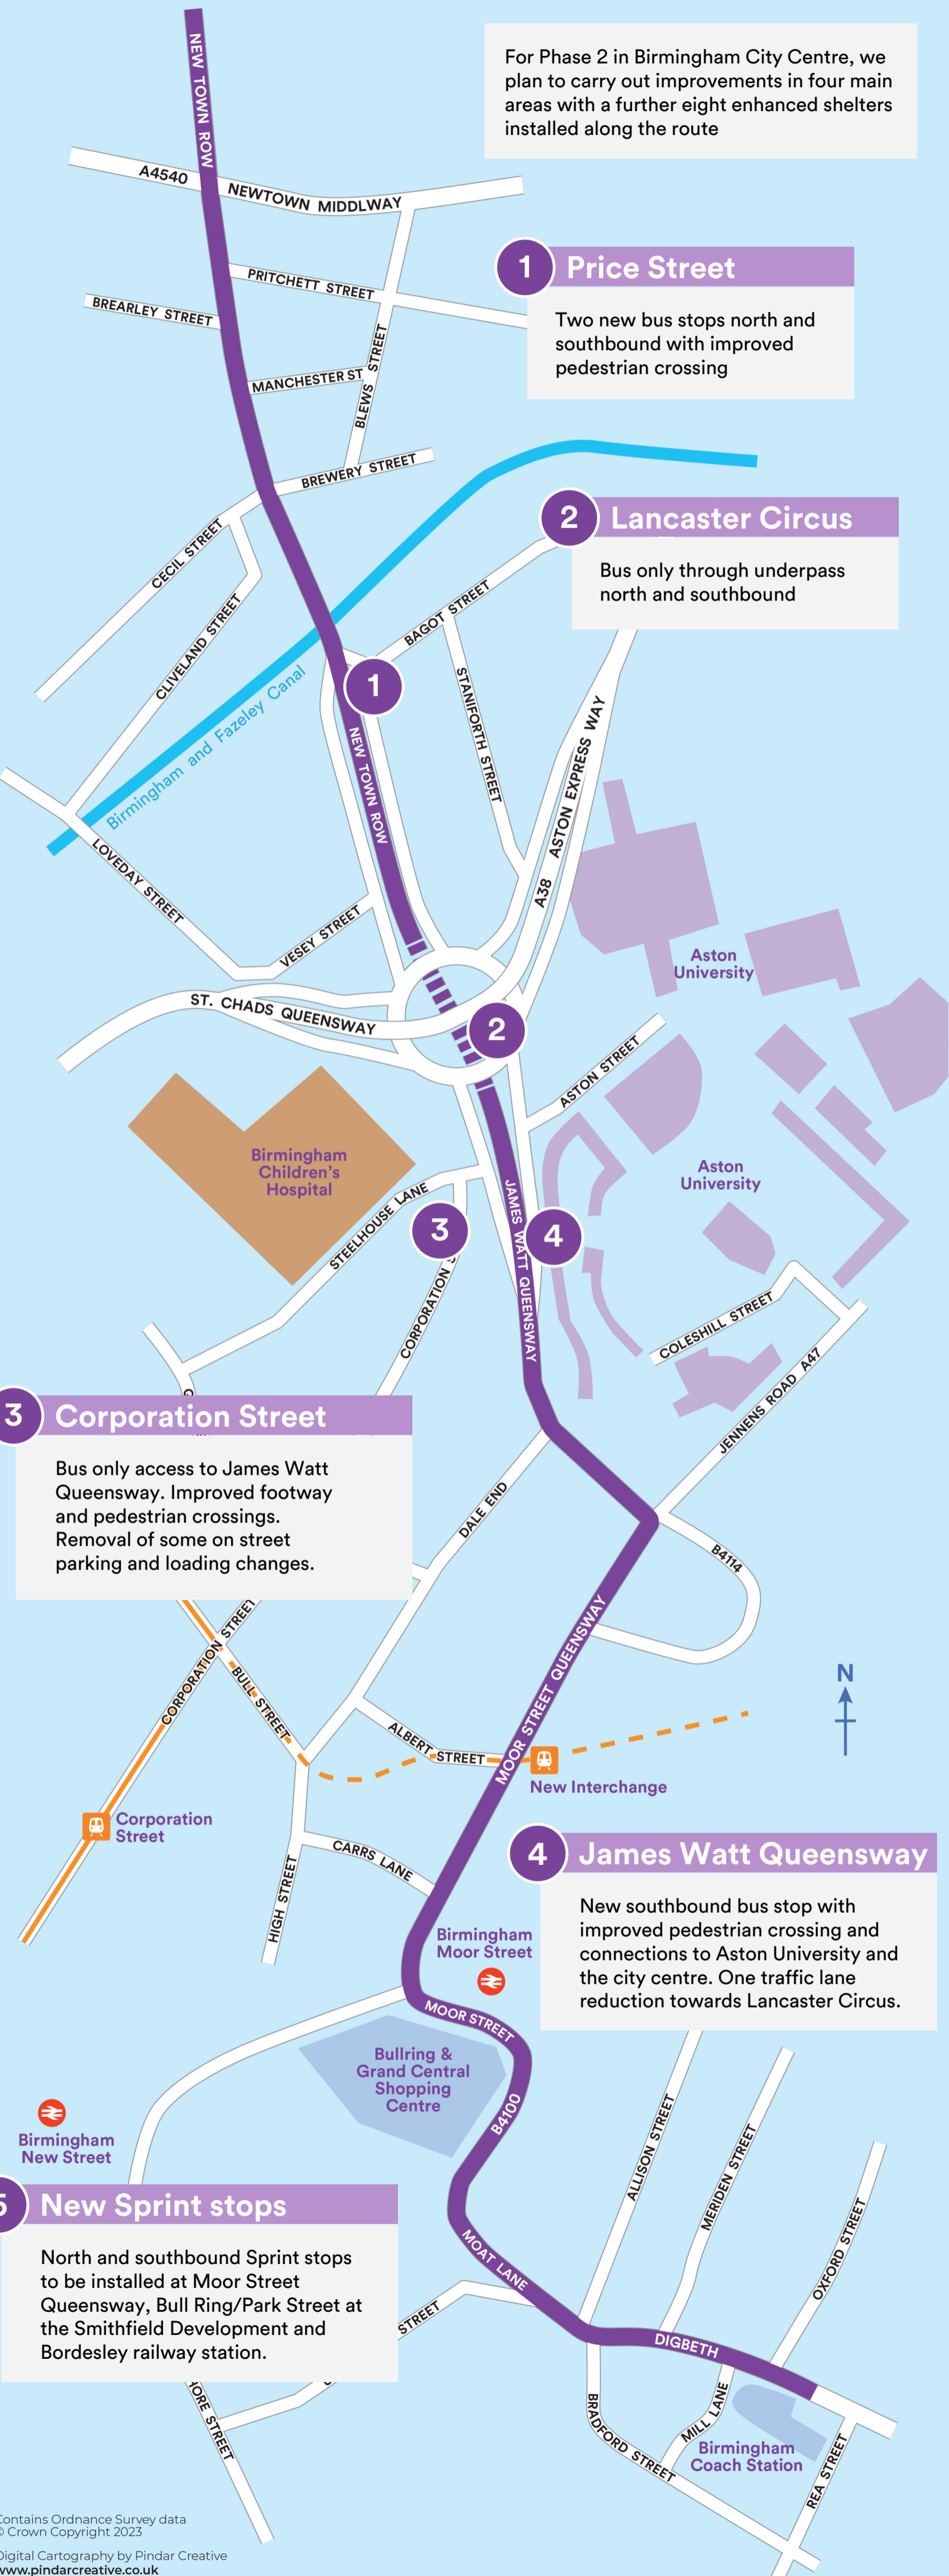

For Phase 2 in Birmingham City Centre, we plan to carry out improvements in four main areas with a further eight enhanced shelters installed along the route

1 Price Street

Two new bus stops north and southbound with improved pedestrian crossing

2 Lancaster Circus

Bus only through underpass north and southbound

3 Corporation Street

Bus only access to James Watt Queensway. Improved footway and pedestrian crossings. Removal of some on street parking and loading changes.

4 James Watt Queensway

New southbound bus stop with improved pedestrian crossing and connections to Aston University and the city centre. One traffic lane reduction towards Lancaster Circus.

5 New Sprint stops

North and southbound Sprint stops to be installed at Moor Street Queensway, Bull Ring/Park Street at the Smithfield Development and Bordesley railway station.
